Dear Customer,

Teleflex Medical has voluntarily issued a recall for the product codes and lot numbers listed above.

Description of the problem & immediate actions required
Teleflex is recalling the products referenced above following receipt of 11 customer complaints reporting the light guide of the Rüsch® GreenLite™ Mac laryngoscope broke at the point of a welded joint either prior to use during setup or during use inside the patient's mouth. If this product failure occurs and is not identified prior to use, the consequences include:

- Delay in procedure while medical personnel retrieve the broken component and potentially locate an alternative laryngoscope to reintubate and proceed with tracheal intubation.
- If the broken component cannot be located immediately medical personnel may require diagnostic imaging to assist in the retrieval process. Additional medical intervention (e.g., a bronchoscopy) and increased patient monitoring may also be required.
